In cities today, light pollution and noise pollution are affecting our health and the environment. In this essay, I will talk about the effects of these forms of pollution.

(13) _____ there is too much light in an area, there is light pollution. Light pollution makes it difficult to see stars at night. Most people don't think light is a big (14) _____, but light pollution can cause headaches and make people feel stressed. Many animals prefer to live in the dark, so light pollution is also (15) _____ to them.

Some noise has a negative effect on people or nature. We call it noise pollution. Transportation and machines cause the most noise pollution. Too much noise makes people stressed, and (16) _____ can affect their heart's health. It scares animals and makes it difficult for them to communicate (17) _____ each other.

In conclusion, we should try to (18) _____ light and noise pollution. This will improve people's lives, help wildlife, and make our cities more peaceful and beautiful.

Task 2. Read the passage and circle the best option to each of the following questions: (1 pt)

The large movement of the earth under the water causes a very large and powerful Tsunami. That Tsunami was called the Asian Tsunami in most of the world. It was called the Boxing Day Tsunami in England, Australia, South Africa and Canada because it happened on the holiday which they call Boxing Day. The Tsunami caused a lot of damage to countries such as The Philippines, Thailand, Indonesia and Sri Lanka.

Waves as high as 30 meters killed many people and damaged or destroyed a lot of buildings and other property. Over 225,000 people died or they were not found after the tsunami. The waves traveled as far away as South Africa (8,000 kilometers) where as many as 8 people died because of high water caused by the waves. Because of how much damage was caused and the number of people the earthquake affected, over \$7 billion was donated to help the **survivors** and rebuild the areas damaged.
