Tourism is one of the fastest-growing industries in the world. Millions of people travel every year to explore new places, learn about different cultures, or simply relax. There are many types of tourism, such as cultural tourism, eco-tourism, and adventure tourism. Each type offers unique experiences. For example, cultural tourism involves visiting museums, temples, or historical sites to learn about a country's history and traditions.

Many people also enjoy natural attractions, such as beaches, mountains, or national parks. **These** places allow tourists to relax and enjoy outdoor activities like swimming, hiking, or camping. However, as more people visit these natural sites, problems such as pollution and overcrowding can occur. To address these issues, eco-tourism **encourages** people to travel in a way that protects the environment. Eco-tourism focuses on small groups, respects nature, and supports local communities.

Tourism has a positive impact on local economies. It creates jobs in hotels, restaurants, and transportation services. Small businesses also benefit from tourists buying souvenirs and local products. However, it is important to plan tourism carefully to avoid damaging local culture or natural environments.

Planning a trip well can make a big difference. Before traveling, tourists often research the weather, costs, and the best activities to do. A good plan helps ensure a fun and safe experience for everyone.

At 2,315 miles (3,726 kilometres), the Missouri River is nearly as long as the Mississippi River, into which it flows. Together the Missouri and the Mississippi form one of the world's longest river systems.

There are seven major dams and dozens of smaller dams on the Missouri. The dams use water from the river to produce electricity. They also create reservoirs, or artificial lakes, behind them. The reservoirs store water that is needed for cities and for irrigation of crops. Irrigation is important because most of the regions around the river have fairly dry climate.

In addition to producing electricity, the dams on the Missouri are also used to control the water level of the river. Sometimes water is held back to prevent floods. At other times, water is released to keep the water level high enough for barges to float downstream.

By changing the natural flow of water in the Missouri, dams and reservoirs have altered the river's ecosystem. They have affected the depth and temperature of the water in different parts of the river. Such changes have made it difficult for some species, or types, of plants, animals, and fish to survive. A few wildlife species in the region are now endangered.

Tim was not young, but she decided to study a foreign language. He was determined to become fluent and impress his friends with his linguistic skills

Tim enrolled in a language class and started attending lessons regularly. The teacher was lively and engaging, making the learning process enjoyable. Tim practiced diligently, but he had a funny habit of mixing up words.

During a conversation exercise, Tim intended to say, "I like to eat pizza," but instead, he blurted out, "I like to eat penguins!". The class burst into laughter, including the teacher, who had to explain the difference between "pizza" and "penguins". Despite his occasional slip-ups, Tim **persevered**. He even tried to practice with native speakers he met at a language exchange event. One day, he confidently approached a man and tried to say, "Nice to meet you, only to accidentally say, "Nice to eat you!". The native speaker was puzzled but found it amusing.

Tim's journey to fluency was filled with amusing moments like these. Despite the occasional language mix-ups, Tim's enthusiasm never wavered. He embraced the laughter and continued learning, knowing that each mistake was a step towards and becoming a better language learner.

2. Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the

The Amazon rainforest is a vast and vibrant ecosystem teeming with life. It covers an area larger than most European countries and holds ten percent of the world's known species. This biodiversity makes it a prime destination for tourists seeking a unique and unforgettable experience. However, traditional tourism can have a negative impact on this delicate environment. Ecotourism offers a more sustainable alternative, focusing on responsible travel that benefits both the rainforest and local communities.

Ecotourism trips typically involve small groups led by experienced guides who are knowledgeable about the rainforest's ecology. They prioritize activities that minimize environmental impact, like nature walks, wildlife observation, and boat trips on rivers. These tours educate visitors about the rainforest's importance and the threats it faces.

Staying in eco-lodges built with local materials minimizes disruption to the ecosystem. These lodges often employ local people, providing them with income and fostering a sense of ownership over the rainforest's preservation. Ecotourism also supports local businesses that sell traditional crafts and products, promoting cultural exchange and economic growth.

Question 27. What is the main benefit of ecotourism in the Amazon rainforest?

- A. Lower travel costs for tourists
- B. Increased profits for large travel companies
- C. Sustainable travel that protects the environment
- D. Luxurious accommodation options in the rainforest

Question 28. How do ecotourism tours typically operate?

- A. Large groups following a set itinerary with minimal guidance
- B. Independent exploration with minimal impact on the environment
- C. Small groups led by knowledgeable guides who prioritize responsible travel
- D. Luxurious cruises down the Amazon River with limited interaction with nature

Question 29. What is the role of eco-lodges in ecotourism?

- A. To maximize profits for travel agencies
- B. To introduce non-native species to the rainforest
- C. To provide luxurious amenities for high-paying tourists
- D. To offer environmentally friendly accommodation options

Question 30. How does ecotourism benefit local communities?

- A. By creating jobs and supporting local businesses
- B. By offering discounted tours for local residents
- C. By bringing in foreign investors who control local resources
- D. By encouraging locals to abandon their traditional way of life

Question 31. Why is ecotourism important for the Amazon rainforest?

- A. It allows tourists to take home souvenirs made from endangered species.
- B. It educates visitors about the importance of rainforest conservation.
- C. It encourages unsustainable development projects in the rainforest.
- D. It disrupts the natural predator-prey balance in the ecosystem.

Question 32. What is the main idea of the passage?

- A. Traditional tourism is the best way to experience the Amazon rainforest.
- B. The Amazon rainforest is in immediate danger of disappearing entirely.
- C. The Amazon rainforest is a popular destination for luxury vacations.
- D. Ecotourism offers a responsible way to explore the rainforest and support its preservation.
