Based on the original *The Voice of Holland*, *The Voice of America*, or sooner *The Voice*, officially aired on NBC on April 26, 2011 aiming to find new singing talent and soon became a big hit.

The Voice process includes Blinds Audition, Battles Rounds, Knockout Rounds, and the final live performance phase. Only those fifteen and over are eligible for the competition. There are four coaches, themselves well-known performing artists, who criticize contestants' performances and form their own teams of contestants and give

them guidance through the rest of the season. Coaches also have the power to decide on which contestants to advance in the next rounds. One celebrity key advisor gives assistance to the coaches and their teams during the preparation process.

The coaches and the television audience have equal power to decide who moves on to the final four phase. However, the winner is determined by votes from the television audience by online voting on the official website, SMS text and iTunes stores purchases of the contestants' performances. The declared winner receives US\$ 100, 000 and a record contract with Universal Music Group.

As an incredible success in both Holland and the U.S., The Voice has been franchised out to many other countries in the world, and has been a big rival to the *Idol* franchise.

PART 2.3: Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions. (0.25/each)

My family is very musical, and my four brothers and sisters and I all play at least one instrument, including the piano, violin, cello and flute. My name's Clara, and I'm 15. My oldest brother is 22, and the baby of the family, my sister Jenny, is 12. I wanted to learn

the double bass, too, which is a stringed instrument as big as me, but my parents said they couldn't get it in our minibus.

When we were younger, my parents spent all their time taking us to various music lessons and concerts. But it was worth it, because my older brother and sister got accepted into a famous national music academy. Music is my life, so I hope to go there, too. I've learned two pieces for their summer school entry competition. People who get into the summer school have a better chance of a place at the main academy later.

My parents are amazing, because it has been very expensive for them to support our dreams, and it has taken a lot of their time and effort. Sometimes we had to travel a very long way. They could only buy a very old minibus to transport all of us plus our instruments. We were driving to a concert once when it broke down. We had to travel the rest of the way in three separate taxis!

Our family is now quite **famous**. We won a TV talent competition as a group, and my sister played at a wedding for a very famous couple. We have just finished making our first album. That was great, because we all practiced together for once. Usually, we all go off to different concerts and festivals. My mum says she likes it best when we just play together at home, and it is the best thing for me, too, really.

Question 26. In Clara's family_____.

- A. There are five children.
- B. There is only one girl.
- C. The children all play four instruments

Question 27. Why does Clara want to go to the summer school?

- A. Because she is more likely to get into the main academy when she's older.
- B. Because her brother and sister go there already.
- C. Because her parents don't want to drive her to music lessons in the summer.

Question 28. Why does Clara think her parents are amazing?

- A. They paid for taxis to music concerts.
- B. It took a lot of effort, time, and money for the family's musical education.
- C. They bought an old minibus so they had more money to pay for lessons.

Question 29. Clara is happiest when she is_____

- A. playing for famous people.
- B. traveling around and playing in concert halls.
- C. playing with her brothers and sisters with no audience.

Question 30. The word "**famous**" in paragraph 4 is closest in meaning to _____.

- A. well-known
- B. ordinary
- C. unknown

PART 2.4: Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions. (0.25/each)

Many people go through life only thinking about their own well-being and that of those around them. In reality, the well-being of the environment is just as important in certain ways. Without a healthy and sustainable environment, their own health and ability to leave behind a sustainable planet to those who live after them is negatively affected. Therefore, two main environmental benefits can be realised with greener living.

Firstly, people can conserve natural resources. The natural resources that man has been enjoying are beginning to disappear. Due to population growth, it is estimated that the use of natural resources has more than tripled since 1970. At that rate, it is not difficult to see how these same resources will eventually become **depleted**. It is important to conserve those precious resources so that others after this generation can enjoy the same quality of living on this planet.

Secondly, people can reduce the harmful effects of climate change. Primarily due to human's reliance on fossil fuels over the years, climate change is a real concern. People continue to release carbon dioxide into the atmosphere, further polluting the air. **This** is leading to dramatic changes in temperatures that need to be stopped. Greener living aims to do exactly that. For every person who makes an effort to reduce his or her carbon footprint in the world, climate change can begin to become less of a concern over time.
