When you are in Hong Kong, you can go about by taxi, by tram, by bus, or by underground. I prefer the underground because it is fast, easy and cheap. There are many trams and buses in Hong Kong, and one cannot drive on the road quickly and without stopping many times. The underground is therefore usually quicker than taxis or buses. If you do not know Hong Kong very well, it is very difficult to find the bus you want. You can take a taxi, but it is more expensive than the underground or a bus.

At the underground you can find good maps that tell you the station names and show you how to get to them, so that it is easy to find your way.

21. Can you go about by taxi, by tram, by bus, or by underground when you are in Hong Kong?

Harry Potter and the Chamber of Secrets is the second of the fantasy film series based on the same novel by J. K. Rowling. After the success of the first one, Chris Columbus is still the director of this film. Meanwhile, the main cast of the first film remains in the second one. The film tells the story about the great efforts of Harry to save his friends at Hogwarts, especially Ron's sister Ginny, from the attacks of a basilisk. It's a giant snake under the control of the ghostly memory of the sixteen-year-old Tom Riddle, one piece of Lord Voldemort's soul preserved in an enchanted diary. In the end, he kills the basilisk, saves everybody and frees Dobby – a kind of house-elf. The film is a really must-see. **It** also has lots of gripping images, soundtracks and visual effects.
